

SPECIFICATION AMENDMENTS

Please delete the Abstract of the disclosure in its entirety, and replace it with the following paragraph:

--The present invention relates to a method of detecting coliform bacteria in water from reflected light and a method of detecting Escherichia Coli bacteria in water from reflected light, and also includes devices for the measurement, calculation and transmission of data relating to those methods.--

Please delete from the specification, page 2, paragraph 4, the first appearance of the phrase "to be able" from the phrase "to be able to be able to detect."

Please replace the title in its entirety with the following title of the invention --
Method of Detecting Coliform Bacteria and Escherichia Coli Bacteria from Reflected
Light.--
